

# Outdoor Furniture

# Educational Specialty Furnishings: Outdoor

## Diamond Pattern

11 gauge steel with vertical slats 1½" wide with ¾" spaces between

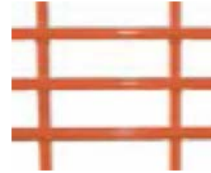

## Expanded Metal

9 gauge steel that forms a diamond pattern.

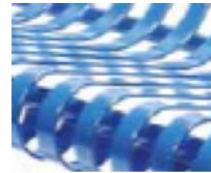

## Perforated Metal

11 gauge steel with ½" holes on staggered centers.

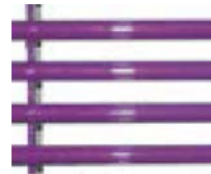

## Wire

Heavy wire is crisscross welded and formed to the shape of the product.

## Welded Style

Any products fabricated by hand welding individual steel strips.

## Rod

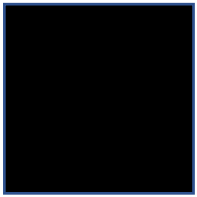

½" steel rods that are welded to their frame.

# Educational Specialty Furnishings: Outdoor

## Thermoplastic Colors

Thermoplastic will not fade, crack, peel, warp, or discolor for the life of the product. No harmful chemicals are released during the manufacturing or the use of the product. Nothing pollutes the air or leaches into the water table. Surface appearance is flat and has no drip residue on underside edges.
